GEORGE W. GRAYSON'S WILL IS NOW FILED

The last will of George W. Grayson, of Beowawe, Eureka county, Nevada, who died in San Francisco on April 20 following a short illness, was filed in the county clerk's office in Eureka on Monday by Attorney W. T. K. Brown of San Francisco. The will was executed on February 12, 1912.

All of his property is given to his daughters, Mamie Grayson Hinckley and Georgia Grayson Ralston, of their heirs.

One paragraph of the will reads as follows: "I direct that no part of my estate given, devised and bequeathed to the children of my daughter, Mamie Grayson Hinckley, shall in any way descend to Harry J. Hinckley, their father, and I direct that under no circumstances shall he ever have any interest therein or be the recipient thereof."

John W. Phillips of Oakland, California, Thomas N. McCauley and Harry T. Creswell of San Francisco, or their survivors, are appointed as executors of the will and are to serve without bonds.

The will is witnessed by W. T. K. Brown and Harry T. Creswell of San Francisco.

At the time of Mr. Grayson's death it was estimated that he left an estate valued at between \$600,000 and \$700,000, and a reading of the will denotes that the most of his estate was bequeathed to his daughters before his death.

MANHATTAN COUPLE ARE
MARRIED THIS MORNING.

"Cupid" Bob Pohl issued a marriage license this morning to Harry Green and Minnie Brush, both of Manhattan, where both are well known. Rev. H. L. Burnham officiated at the wedding ceremony held in the manse of the Presbyterian church at 11:00 o'clock, and shortly thereafter the happy couple left for Manhattan, where they will make their future home.

OLD AGE PENSIONS

To give every man and woman over 60 years old a pension from the United States treasury, is the surprising proposal of a congressman.

What most old people need is help in keeping up strength and vigor.

Thousands of them know that the greatest help they can get is our delicious cod liver and iron preparation without oil, called Vinol.

Mrs. Mary Ivey of Columbus, Ga., says: "If people only knew the good Vinol does old people you would be unable to supply the demand. I never took anything before that did me so much good as Vinol has done. It is the finest tonic and strength creator I ever used in my life."

Vinol renews the energy and strength of old people because it enriches their thinned blood and improves their appetite and digestion, and is also so pleasant to take that they like to use it. We guarantee Vinol to give perfect satisfaction or pay back your money if it does not. Miners' Drug Store, Inc., Tonopah, Nev.

ARRAIGNS THE WEINSTOCK REPORT AS "HEARSAY"

LOS ANGELES, May 22.—Starting disclosures are predicted when a federal grand jury, which is today investigating the activities of the Industrial Workers of the World, completes its session. Assistant United States District Attorney Dudley Robinson, in charge of the probe, asserts that a condition of affairs of which the outside world has no conception exists in San Diego. He arraigned the Weinstock report, declaring it to be "hearsay" and "contradictory in itself." He said: "I have learned that a plot was hatched in Los Angeles for certain elements to gather in San Diego, where they were to blow up the water works, electric light plant and street railway property simultaneously, and then start a free-for-all fest of pillaging. Hidden dynamite has been found there. We will make a thorough investigation, of course, hearing the I. W. W. side of the affair, too. The Weinstock report decides against the vigilantes on testimony that the investigators secured from persons he stigmatized as lacking in moral principle."

BIG LOVELOCK WATER SUIT BEFORE COURT

The action to make permanent the order secured on April 3 by the Lovelock water-users temporarily restraining the Pacific Reclamation Company from impounding the headwaters of the Humboldt river in its reservoirs located at that point, was commenced Monday morning in the district court before Judge Ducker in Winnemucca.

The first witness called by plaintiffs was Senator W. C. Pitt, whose testimony was not completed until yesterday morning, when Peter Anker was called to the stand. Additional witnesses from Lovelock in attendance on behalf of plaintiffs are John G. Taylor, Joseph Hill, Commissioner H. Stoker, George Pitt, John Holstrom, John Faunt, W. C. Noteware, Senator L. N. Carpenter, D. W. Hayes and W. C. Rudell.

There are also present at the trial, presumably for defendant, George M. Bacon of Salt Lake City, president of the Reclamation Company; A. I. D'Arcy of Reno, George Wingfield's engineer; A. E. Chandler, a San Francisco hydraulic engineer; H. Badt of Wells, and George H. Ballantyne of Elko.

Plaintiffs are represented by P. A. Hawkins of the Reno law firm of Cheney, Downer, Price & Hawkins, while the interests of defendant are being looked after by L. A. Gibbons and George S. Brown, Reno attorneys.

William J. Moran, formerly of Macdonald & Moran, who personally did all patent surveying and engineering work handled by the above firm, will be pleased to meet all past patrons at his offices, rooms 206-207, State Bank building. Mr. Moran needs no introduction as he was the personal representative of the late Malcolm L. Macdonald in all surveying and engineering work. All engineering and map work given prompt attention. m15-1f

LOVE STORY MAKES BIG HIT AT THE BUTLER

The Butler theater is featuring tonight that Vitaphone picture entitled "Captain Jenk's Diplomacy," which has made such a great hit in all the leading cities of the country. The story deals with two young people who meet under peculiar circumstances and are married only to be turned out by the father of the groom. He is taken seriously ill in after years and the young wife, his daughter-in-law, is sent to nurse him. He falls in love with her and when she leaves he asks that she visit him. This she does and brings with her the old man's grandchild that he has never seen. She tells him who she is and his heart is at once softened, and all is well. John Bunny is Captain Jenk and is at his best. Three other reels as follows will be shown. "The Female of the Species" a splendid biograph drama; "In After Years" (a Lubin drama), and a Selig production entitled "The Other Woman." Next Monday night will be shown "How Washington Crossed the Delaware."

NEW RAILROAD WILL OPEN UP VAST TERRITORY

Not later than June 10th active operations will be commenced in surveying and locating the proposed Winnemucca Northern railway. The engineering corps will be in the field by the above date and the force in all probability will be in charge of H. H. Sheldon. The line as shown by the company maps is a westerly course for a few miles, then directly north to McDermitt, a distance of some 75 miles, passing through the famous Quinn river country and within a few miles of National. The Winnemucca Northern taps and opens to settlement a larger tract of territory without a railroad than any other scope of country in the United States. The project is entirely feasible and will be a dividend payer from the day of its completion.

This road would have been constructed years ago had it not been for the control of the railway situation by certain interests who either could not see their way clear to the development of this vast territory or contented themselves with the fact that its products came to them in any event. The situation is changed at the present time and there is going to be a steam railway constructed and operated into this virgin territory and if all signs read aright it will be the Winnemucca Northern.—Silver State.
